DETAILED ACTION

1. Applicant's response filed September 4, 2001, has overcome the objections to the declaration and specification.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 103

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 21-23 are finally rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Friese, '100, as set forth in the previous Office action, mailed May 31, 2001.

Response to Arguments

5. Applicant's arguments filed September 4, 2001 have been fully considered but they are not persuasive. Applicant argues that Friese does not disclose an apertured film. The examiner disagrees. In order for the non-woven film to be liquid-permeable, there must be openings of some kind throughout the film. Applicant has not claimed what kind of apertures, or how they are formed. As regards applicant's argument that Friese does not teach a process material as set forth in applicant's specification, page 13, lines 26 through page 14, line 28; again, applicant has not claimed a specific material with these properties. Although the claims are interpreted in light of the

specification, limitations from the specification are not read into the claims. See *In re Van Geuns*, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993).

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
